a) Training and Service

Yantra Consulting is committed to provide Professional Training Service like Circulation, Technical Services, and Systems Administration Service to the library staff to use of all equipment and software's.

1. All Training service will be provided by Yantra Consulting.

2. User Manuals, Operational manuals, installation and troubleshooting guides and training material will be distributed free of charge during training and post installation.

3. Professional RFID Library System Consultant/Technical Head from Yantra Consulting will personally interact with the staff and technical support staff during installation planning, the installation phase and follow- up with immediate effect after the installation.

b) Installation

1) The proposed system will be installed according to a schedule determined in coordination with librarian.

2) Our Consultant/Technical Head will recommend an installation plan and the layout of RFID workstations in the library.

3) Yantra Consulting will provide consultation on placement of hardware to accommodate network infrastructure, power and ventilation requirement, building restrictions, etc. and to maximize the workflow, staffing and patron convenience issues.

c) Warranty and Service

1) The HF Circulation RFID tags are guaranteed to be effective for the life of the item to which they are originally affixed and, if found to be defective, they will be replaced at no extra cost but physically damaged tags are not under warranty.

2) The price includes a 12 months warranty on equipment, software and components.

3) Software warranty: Software patches and service pack released will be supplied at no additional charge to the library.

4) Service technicians provided by Yantra Consulting are professional trained to handle complete installation and other services.

d) Ongoing Service and Maintenance

1) The regular service/maintenance charges for the ongoing years will be 12% per annum on all system components after completion of warranty period.

2) A minimum of 2 visit per annum, for the duration of the service and maintenance contract, will be made by trained professional to evaluate the systems performance, cater to the queries of library staff and promote the use of self service workstations by the library users.

e) Project Deployment Period: 2-4 weeks from date of receipt of purchase order.

f) Support:

1) Support Type: i) Telephonic ii) Remote desktop sharing through team viewer iii) visit when required by client

2) Response Time : 24 Hours

3) Resolution Time: Depends on the actual technical problem with the software and hardware issues at client side.

4) AMC cost: 12% per annum, after 1 year of installation.
